Description

Danish ENTAcademy

The Danish ENT Academy is a *non-profit organization* aiming to advance the development of competencies, knowledge and skills within the specialty of Otolaryngology as well as developing skills in the early stages of ENT training. The Academy was developed in 2020 and provides several courses and symposia relevant to our specialty. We work in close cooperation with the Danish Health Care Regions. Our courses include Danish and International lecturers, teachers, and instructors.

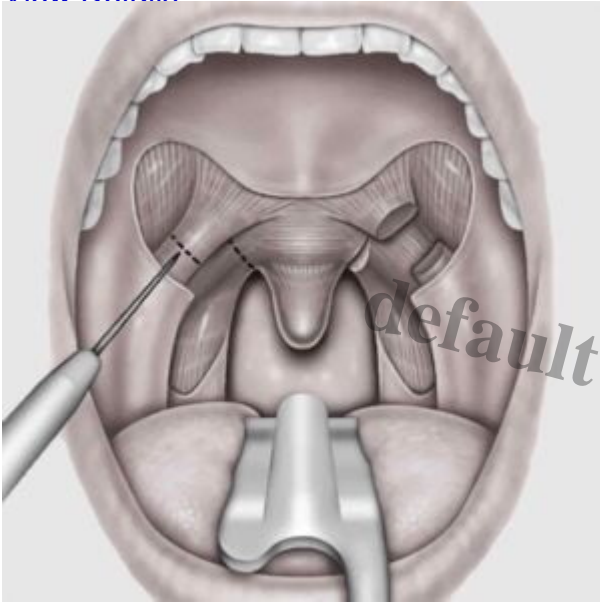

Ultrasound Course

- 19th - 20th of March 2026

A two-day course including lectures, demonstrations and supervised hands-on training on models and patients.
