Presented in partnership between DENTA & CEREBR8

## The Denmark-UK Head & Neck Imaging Course

This is an Intensive 3-day Head and Neck Imaging Course for ENT/OMFS Specialist Registrars and Consultants. It is also relevant to trainees and Consultants in Radiology and Plastic Surgery. The course includes a combination of lectures, small group tutorials and workshops led by experienced Head & Neck Radiologists and Surgeons. All aspects of Otolaryngology-Head & Neck Surgery imaging will be covered with particular emphasis on common diagnoses, anatomy, and choice of imaging modalities i.e. CT, MRI, PET-CT, and Ultrasound.

**CME-accredited:** 19 Continuing Professional Development Points from ENT UK

**Language of instruction:** English

**Denmark Faculty Lead:** Jacob Melchior

**UK Faculty Lead:** Mr. Taran Tatla

**Location:** Held at the *Copenhagen Academy for Medical Education and Simulation (CAMES)*, Ryesgade 53B, 2100 Copenhagen Å?, Denmark

## Format & Highlights

- Novel multidisciplinary case-based, tutorial and workshop teaching format (paired radiologist & surgeon)
- Direct clinical relationship and correlation, emphasising relevant surgical anatomy and pathology in context of evolving imaging modalities
- National/International imaging standards defined with relevance of audit & research to teaching
- Library of digital images and edited video archives taken from clinic and operating theatre, in cross reference to corresponding PACS imaging
- Medico-legal implications

## Objectives

- Revise the cross-sectional anatomy in rhinology, otology and laryngology on various imaging modalities such as CT and MRI
- Appreciate the contribution and limitations of Plain Films, Contrast Studies, Ultrasound, CT, MRI and PET-CT in the management of otolaryngology-head & neck disease.
- Select the best imaging modality for chronic, acute and emergency otorhinolaryngology conditions.
- Know what radiological appearances to look for in common otolaryngology diseases.

## Topics

### Ultrasound Imaging

- Salivary, Thyroid & Parathyroid Glands, Neck Pathology, Cysts, Malformations
- Acute Head and Neck Conditions and Airway
- Cross-sectional Imaging
  - Temporal Bone / Skull Base
  - Paranasal Sinuses / Facial Skeleton
  - Head & Neck

- Optimized Clinical Imaging in
  - Head and Neck Conditions/Malignancy
  - Sinus Disease and Sinonasal Tumours
  - Middle Ear Disease
  - Emergencies & Trauma
- Interventional Radiology in Head and Neck Disease Management
- Imaging for minimally invasive Head and Neck Disease Management
- Imaging for post-operative complications
- New Developments & Interface Imaging Techniques

## Information & Registration

### Course fee

Standard fee: 4000 DKK

The course fee includes lunch, refreshments and course dinner. All stated prices include MOMS/VAT.

The **course dinner** will be held on day 1 (November 15<sup>th</sup>) at 19:00 inside the Copenhagen Opera House at Restaurant Almanak with a wonderful view over Copenhagen.

Prior to the course dinner we hope you will join us on a **guided tour of the Opera House** at 17:30-18:45 (included in the ticket).

## Accommodation

**Accommodation is not included in the course fee.** This three day course is being held at the *Copenhagen Academy for Medical Education and Simulation (CAMES)*. The location is very central with easy access to beautiful Copenhagen.

We recommend booking at [Hotel Phoenix](#) as DENTA have received a 10% discount rate at this hotel for our delegates. This is a 4-star hotel located in central Copenhagen and in close proximity to the course venue.
