## Description

# Your Sponsorship Creates Results

## Become a part of DENTA

The Danish ENT Academy invites industry partners to support our mission of advancing high-quality education within Otolaryngology. As a non-profit organisation run by volunteer clinicians and medical educators, every contribution directly strengthens the training opportunities we offer ENT professionals across Denmark and worldwide.

Since launching in 2019, we have delivered highly valued course and symposia covering key areas within the otolaryngology field, and we continue to expand our educational portfolio yearly. By partnering with us, you can reach a community of medical professionals including ENT surgeons, radiologists and more who are deeply engaged with ongoing education in their field.

Sponsorships enables us to keep participant cost low while providing cutting-edge, evidence-based training and learning that benefits clinicians, patients and the ENT community. Together, we can continue to elevate the standard of ENT education worldwide.

Earlier sponsors to our events have been: Kebomed, Oticon Denmark A/S, Sanofi, Advanced Bionics, Cochlear, Interacustics (Diatec), KARL STORZ Endoskopi Danmark A/S, Olympus Danmark A/S, Oticon medicinal denmark, plusmedica, SomnoMed Nordic, TJ-imaging, and TrompMedical

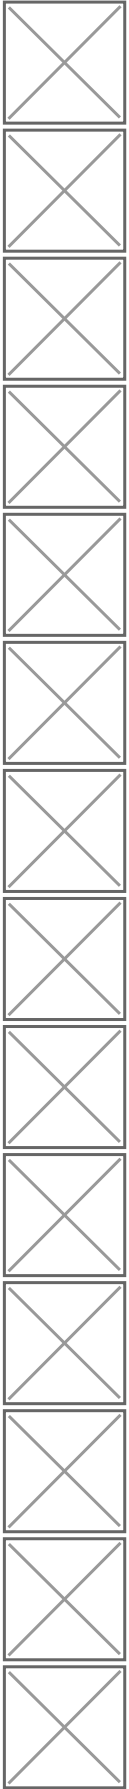

For more information or to discuss sponsorship options, please reach out we'd love to speak with you. Contact us on [chairman@entdenmark.com](mailto:chairman@entdenmark.com)
