endorsed course

European Federation of Societies for
Ultrasound in Medicine and Biology

The 8th DENTA Head & Neck Ultrasound Course

A two-day intermediate-level course endorsed by the *European Federation of Societies for Ultrasound in Medicine and Biology* (EFSUMB) including lectures, demonstrations and supervised hands-on training on models and patients.

At the end of the course, participants will:

- Know the principles of ultrasound and how to apply ultrasound in clinical use
- Know about functionalities of the ultrasound machines and how to optimise ultrasound pictures
- Be able to utilise ultrasound to assess pathology of the Head and Neck
- Be able to perform fine needle aspiration
- Know about ultrasound guided radiofrequency therapies

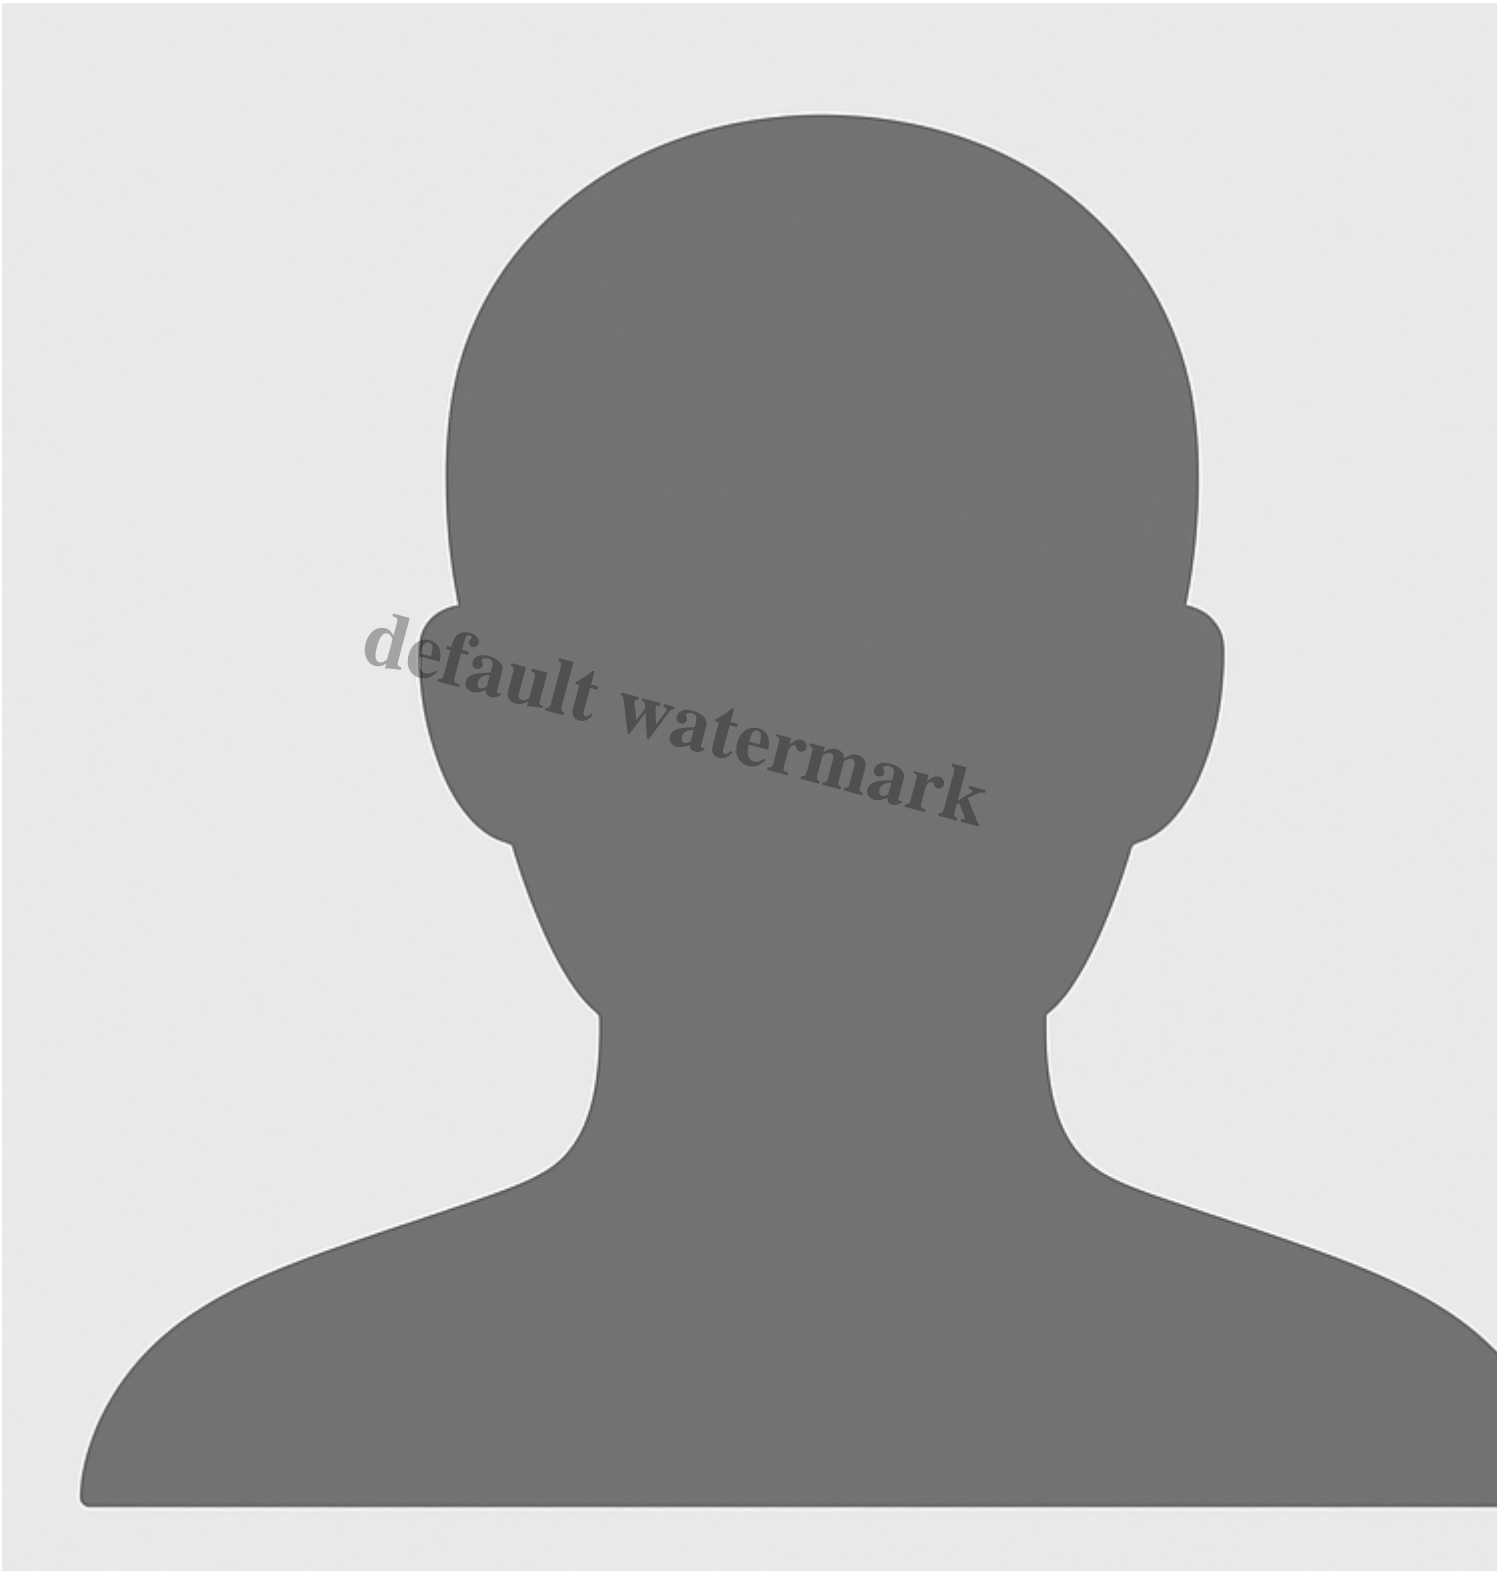

Language of instruction: English

Location: SkejSim Aarhus, Denmark

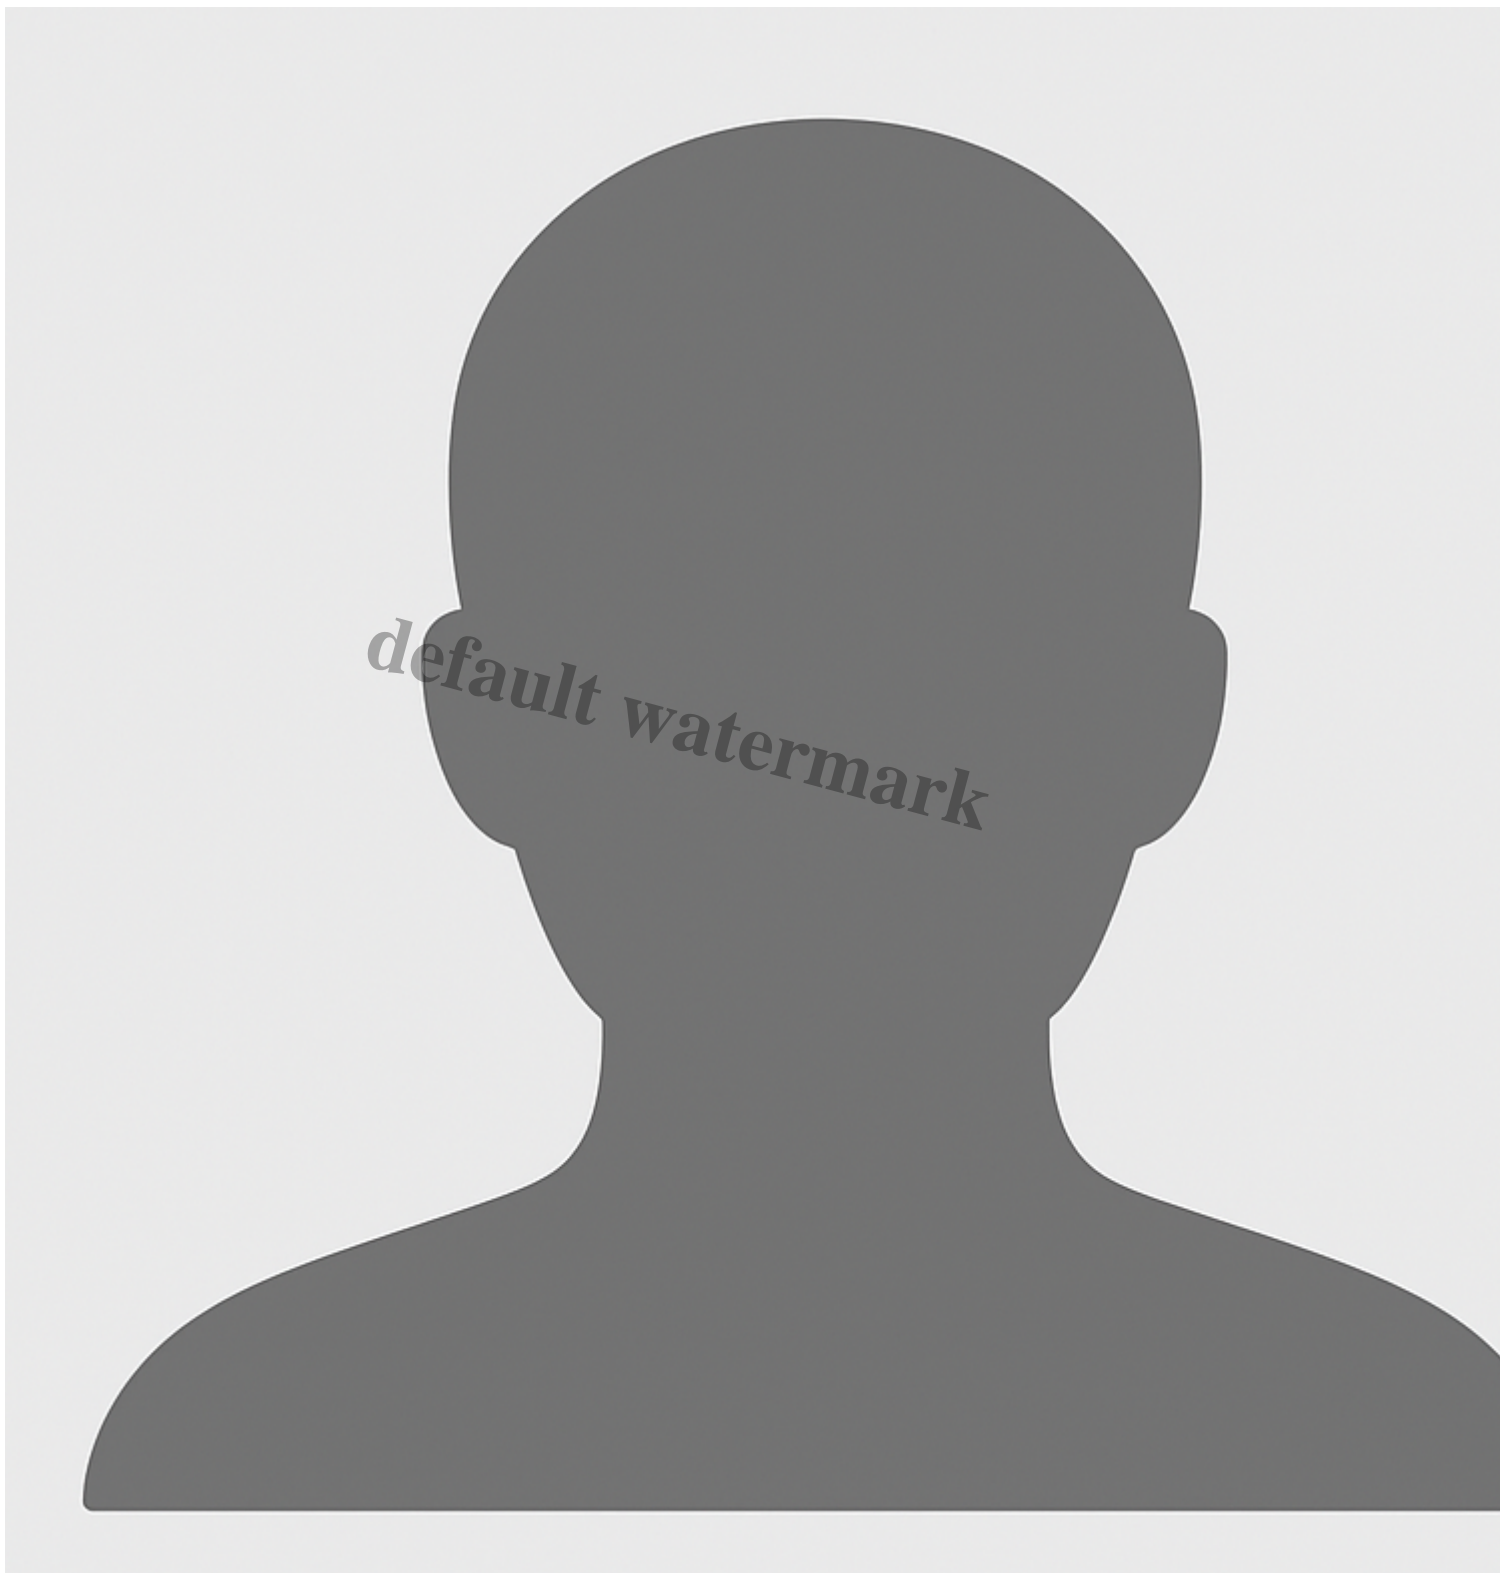

Completing the course provides 12.5 European CME credits
